

NOTES:

- Take lots of water; at least 27 oz./0.8 liters for every hour of travel.
- Wear a helmet and bright colored clothing; protect your assets.
- Local weather updates can be viewed on cable channel 28.
- Plan the end of your ride with the wind to your back.
- Summer days can be very hot; ride in the early morning.
- Winter days can be freezing cold in the morning and blistering hot in the afternoon; wear clothing you can peel off.
